### The Debt Maker.

In one year Mr. Cleveland's Adremistration has already increased the interest-bearing public debt by \$100,000,000, or more than 17 per cent ; and it wants authority from Congress to increase the debt by \$500,000,000 more, which would more than double the public debt as the Cleveland Administration found it.

THE BELLS OF HEAVEN. BY REV. E. A. RAND.

Their ringing, O, so strange and sweet! My windows open wide I threw That music marvelous to greet It came from out a great white star,

Like gate of heaven far away: Has not God's city belfries tall With chimes that ring each happy day? A dream it was, for I awoke, And all the shadowed room was still

This music seems my soul to thrill When echo words of right good-will, The truth when one may bravely say. The bells of heaven ring that day

For fove and truth and righteousness Make music that is sweeter far Than bells which angel hands may ring High in the beliry of a star.
